

## How it works...

### Spend

Earn 1 point for every dollar spent with our participating partners. In addition to ThinkWater, you can also earn points on everyday things like office supplies, cleaning and hygiene products, paper and more with Winc.

### Earn

To ensure you're earning points, pay your account within 30 days. Any points earned will be deposited into your SmartTrade account.

### Engage

Shortly after signup, you will begin to receive regular communications from us via email and your SmartTrade app. We'll update you on your points balance, showcase exciting rewards, advise of offers and giveaways, and more.

### Redeem

Once you've built up some points, you'll be able to redeem a reward through the Rewards Shop. There are over 5,000 rewards to choose from, including gift cards, camping gear, and electronics such as iPhones and TVs.

20,600 pts

38,300 pts

50,900 pts

58,200 pts
